

**THE INTERNATIONAL SCIENTIFIC INSTITUTE FOR RESEARCH
INTO THE DIVINE METHOD OF ANIMAL SLAUGHTER/DHABH
FOR PURIFIED SAFE AND HEALTHY MEAT**

The study was applied on the three main sources of meat: cows, sheep and chickens

SPOKEPERSON: Dr Abdel Majid Katme

Tel no: 0044 208 345 6220 / 0044 7944 240 622.

E-mail: akatme@hotmail.com

Address: Dr Katme 31 North Circular Road Palmers Green
London N13 5EG UK.

RELIGIOUS ADVISER: Prof. Abdul Kader John alias Al-Dayrani.

GENERAL SECRETARY: Dr. Ahmed Fadel.

Mobile: 00963 94 838201

Tel - Fax: 00963 11 5429045

E-mail: drfadel1@hotmail.com

P.O.Box: 30986 Damascus – Syria.

SCIENTIFIC COMMITTEE:

❖ **Prof. Mohammed Nabeel Al-Shareef. (The Head of the scientific committee)**

Prof of pharmaceutical sciences – specialist in Analytic pharmaceutical chemistry – toxic food and industry analysis from Brussels – ex-dean of the faculty of pharmacy & ex- Prof. at Damascus University.

Tel no: 00963 95 668 447 / 00963 11 2757 617.

❖ **Dr. Fayez Al-Hakeem** Specialist in Clinical & Anatomical Pathology. Licensed in American board

❖ **Prof. Marwan Al-Sab'a.** Prof of Genetics & animal biology, at Aleppo University.

❖ **Prof. Anwar Al-Omer. Having a Doctorate degree in germs and viruses science from France.**

❖ **Prof. Aadel Mehao.** The head of food sciences department at agriculture faculty- Aleppo University.

❖ **Prof. Ahmad Samir Al-Nouri,** Having a Doctorate degree in pharmaceutical sciences, Prof of pharmacology - medical chair-man in Damascus University – faculty of pharmacy – Prof at Damascus University.

- ❖ **Prof. Saad Mukhlis Jacob.** Having a Doctorate degree in pharmaceutical sciences, Prof of clinical pharmacy & drug delivery systems at Damascus University - Syria. Amman University – Jordan.
- ❖ **Dr. Mohammed Al-Munzelgy.** Specialist of veterinary Medicine and animal surgery. Licensed in Stockholm.
- ❖ **Pro. Abraham Mohra.** Prof of animals and poultry diseases at Damascus University.
- ❖ **Plus many other Veterinaries and Scientists.**

AIMS OF THE INSTITUTE:

RESEARCH STUDIES PROGRAMMES:

- Into obtaining healthy meat from animals and poultry even when they are sick and infected.
- Into the effects of the Divinely-ordained method of slaughter (DHABH) on animals and poultry, including the physiological, psychological and spiritual benefits. (Without the use of any stunning technique)

Tissue plaque from chicken meat on which Allah's name was not mentioned

Tissue plaque from chicken meat on which Allah's name was mentioned

- Into the eradication of animal and poultry diseases especially in epidemics

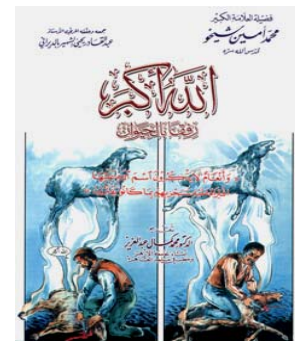

PUBLICATION/DVD.

- The Institute has already published a book (in Arabic) containing an astonishing summary of the findings and the advantages of mentioning Allah's Name:

ALLAH AKBAR (ALLAH IS GREATER) on slaughtered animals and poultry.

This is the publication: (Al'lah is Greater) in Arabic

- A DVD film "In both Arabic, English and French" was produced too.
- The website is: www.thingsnotsaid.org
drfadell@hotmail.com / info@thingsnotsaid.org

The Members of the Institute are available for interviews or to give advice or to answer any query.

They will be more than happy to cooperate with other scientific bodies in the world in order to do more researches and studies, and in order to get rid of animal and poultry diseases, especially at time of epidemics like: BSE/MAD COW disease, BIRD FLU etc...
